

## Hoists

### Compact Transportable Hoist

#### Invacare® Birdie™ Compact Hoist

With maximum space for the user, the Invacare® Birdie™ Compact offers a truly comfortable lift and transfer to or from beds, chairs or even the floor. Providing plenty of space for the user even when the hoist is in the highest position, this provides a very comfortable lift and transfer. The user can also be easily rotated in the hoist which allows placing the user into the bed/ wheelchair much easier for the carer.

#### Specifications

- Lifting capacity 150kg
- Dimensions (h x w) 100 x 55cm
- Long boom - high user comfort. The user can easily be rotated and positioned. No risk of injuries to the knees
- Approximately 40 lift cycles per battery charge
- Integral charger
- Easy to fold and dismantle without tools
- Snap lock optimal security to avoid risk of accidents
- Electric emergency lowering
- Easily changeable click-on spreader bar

### Transportable Hoist

#### Invacare® Birdie™ Hoist

Shown with electric leg spread

Advanced features for an improved transfer environment. The Invacare® Birdie™ is a larger, higher lifting capacity version of the Birdie Compact and is a workhorse in many care establishments being simple to fold, unfold and dismantle without tools. Invacare Birdie hoists take up minimal space when stored and are easy to push and transport.

#### Specifications

- Lifting capacity 170kg
- Dimensions (h x w) 115 x 68cm
- Long boom - high user comfort. The user can easily be rotated and positioned. No risk of injuries to the knees
- Approximately 40 lift cycles per battery charge
- Integral charger
- Easy to fold and dismantle without tools
- Snap lock optimal security to avoid risk of accidents
- Electric emergency lowering
- Easily changeable click-on spreader bar

### Heavy Duty Stand Assist

#### Invacare® Reliant 350 Stand Assist

The small and maneuverable Invacare® Reliant 350 Stand Assist can provide easy, safe and comfortable assisted transfers for patients in care or with rehabilitation needs. It is designed to allow patients to be transferred or assisted from either a bed or chair.

#### Specifications

- Lifting capacity 158kg
- Adaptable and easy to use
- Can be used for two types of transfer; standing assistance or seating assistance
- Features a multi-adjustable lift boom
- Ergonomic lift angle designed to minimise shear when lifting a patient
- Simple lever adjustment helps manoeuvrability in confined areas
- Base legs can be adjusted for added stability
- Non slip footplate
- Height adjustable padded knee guard
- Battery recharge indicator (visual and audible)
- Approximately 40 lift cycles per battery charge
- Includes a spare battery and charger

## Transfer Slides

The Transfer Slides have a low friction surface which allow for a smooth effortless transfer.

- Rigid surface withstands up to (127kg) 20 stone without bending
- Extremely lightweight

| CODE     | DESCRIPTION                       | QTY. | PRICE  |
|----------|-----------------------------------|------|--------|
| LOCO-036 | Transfer Slide                    | 1    | £21.95 |
| LOCO-037 | Ultra Transfer Slide with Handles | 1    | £26.95 |

## Handling Belts

Handling belts allow secure and safe grip thus promoting confidence in both staff and patient.

- Give care staff greater control over handling operation
- Prevent injury to patients caused by grabbing hold of sensitive limbs

LOCO-033

## Duo Transfer Slide

### Banana Board

Available with or without handles, the unique design of the Duo Transfer Slide allows for an angled transfer as well as a straight transfer from one seated position to another.

- Hand grips at either end of the deluxe model give the user a means of pulling themselves across the smooth surface while at the same time ensuring the Duo Transfer Slide is securely located during the transfer
- 150kg weight limit
- Low friction surface will not crack or splinter
- Completely hygienic construction

| CODE      | DESCRIPTION                               | QTY. | PRICE  |
|-----------|---|------|--------|
| LOCO-401B | Duo Transfer Slide Deluxe without Handles | 1    | £24.95 |
| LOCO-400B | Duo Transfer Slide Deluxe                 | 1    | £29.95 |

## Rotastands

### Rotastand

The Rotastand has been developed to allow an assisted transfer from one seated position to another. The frame, shin pad and turntable combine to give optimum safety to both carer and patient during the transfer.

| CODE     | DESCRIPTION | QTY. | PRICE   |
|----------|-------------|------|---------|
| LOCO-102 | Rotastand   | 1    | £209.00 |

### Rotastand Solo

The Rotastand Solo revolutionises sit to stand and pivot transfers. The patented mechanism in the base allows a sit to stand and pivot transfer to be carried out by a single nurse or carer thus reducing the time it takes to carry out the task as well as having the cost of having two carers/nurses present during the transfer.

| CODE     | DESCRIPTION    | QTY. | PRICE   |
|----------|----------------|------|---------|
| LOCO-311 | Rotastand Solo | 1    | £229.00 |
